ABOUT US

AL MUSHEER ELECTROMECHANICAL WORKS LLC is a UAE-based HVAC contracting company established in 2018, with operational branches in Ajman, Dubai and Abu Dhabi, enabling us to efficiently serve clients across all seven Emirates. We specialize in the design, supply, installation, testing, commissioning, and maintenance of complete air-conditioning and mechanical ventilation systems for a wide range of commercial and industrial applications.

With proven experience in delivering fast-track fit-out HVAC projects, we support consultants, main contractors, and developers with reliable and compliant HVAC solutions for F&B outlets, hypermarket bakeries, restaurants, cafés, retail shops, malls, pharmacies, clinics, healthcare facilities, residential buildings, and commercial towers.

Our technical expertise covers chilled water systems, VRF/VRV systems, ducted split units, fresh air & exhaust systems, smoke management, staircase pressurization systems, and package units. We also undertake AMC, preventive maintenance, and emergency breakdown services, ensuring optimal system performance and minimal downtime for our clients.

Backed by a skilled workforce, strict quality control processes, and a strong commitment to safety and timely delivery, Al Musheer Electromechanical Works LLC continues to be a trusted HVAC partner for numerous organizations across the UAE.

VISION

To be recognized as one of the UAE's leading HVAC contracting companies, delivering reliable, innovative, and energy-efficient air-conditioning solutions across all Emirates.

Our vision is built on quality, safety, technical excellence, and long-term client partnerships, ensuring that every project meets the highest standards of performance and operational efficiency.

MISSION

- To deliver high-quality HVAC installations, fast-track fit-out works, and MEP support services that meet project deadlines without compromising on safety or workmanship.
- To provide cost-effective, sustainable, and compliant HVAC solutions, aligned with local authority regulations and international engineering standards.
- To support our clients with dependable AMC, preventive maintenance, and emergency breakdown services, ensuring long system life and uninterrupted operation.
- To continuously upgrade our technical capabilities, workforce skills, and service efficiency to stay ahead of evolving HVAC technologies and market requirements.
- To maintain a culture of professional integrity, environmental responsibility, and customer satisfaction, ensuring trusted relationships with consultants, contractors, and facility management teams.
